Connecting to DreamMapper

Sync your device to your tablet or mobile phone using the DreamMapper app, available in the App Store and Google Play.

Download on the **App Store**

GET IT ON **Google Play**

1 With the device and mobile phone powered up and in close proximity, initiate **Bluetooth** setup and pairing in **DreamMapper**. Follow the pairing instructions in **DreamMapper**.

PHILIPS

2 A **6-digit PIN** will appear on the DreamStation 2 screen. Depending on your phone, you will need to either enter the **PIN** into **DreamMapper** or tap "**Pair**" on the device screen within 30 seconds to complete the pairing.

Get started with therapy

To begin therapy, press the **Therapy button**.
A **blue ring** indicates therapy is on.

Therapy pressure

A **solid ring** indicates prescription pressure is being delivered. A **dotted ring** indicates Ramp Plus pressure is being delivered.

Humidification icon

Therapy button

Ramp Plus icon

Heated tube temperature icon

Note: If the screen goes dark after 60 seconds of inactivity, simply tap it to wake up the device if you want to make further changes. This will also simultaneously restart Ramp Plus.

Customize your settings

Ramp Plus

The **Ramp Plus** feature allows you to set a comfortable starting pressure while you fall asleep.

1. Tap the **Ramp Plus** icon to view and adjust your **Ramp Plus** pressure.
2. Tap the **+** or **− symbols** until you reach a comfortable setting.
   Ramp Plus settings can be turned off or set from 4 to 10 cm H_2O.
3. Tap "**Confirm**" to save the setting.

Once **Ramp Plus** is set, it will be saved and automatically activated for future therapy sessions without tapping the **Ramp Plus** icon again.

Confirm

Humidification (if available)

1. Tap the **humidification** icon to view your current setting.
2. Tap again until you reach a preferred moisture level. Humidification can be turned off or set from 1 (minimum) to 5 (maximum).

Once **humidification** is set, it will be saved and automatically activated for future therapy sessions.

Humidity

3

Heated tube temperature (if available)

1. Tap the **heated tube** icon to view your current temperature setting.
2. Tap again until you reach your preferred temperature. Heat can be turned off or set from 1 (minimum) to 5 (maximum).

Once the **temperature** is set, it will be saved and automatically activated for future therapy sessions.
