

The Philips logo is displayed in a white rounded rectangle with a blue border, set against a dark blue background. The word "PHILIPS" is written in a bold, blue, sans-serif font.

Education Theater

A photograph of two nurses in a clinical setting. The nurse on the left is wearing a blue surgical mask and a blue scrub top, with a stethoscope around her neck. She is looking towards the right. The nurse on the right is wearing a white face shield and a light blue scrub top, looking towards the left. In the background, there are medical monitors displaying various data and waveforms, and a patient lying in a bed.

Acute care in rhythm with you
Together, we make life better

Don't miss your opportunity for CERPs at the Philips Education Theater at NTI 2023

The Philips Education Theater is proud to present informative 25-minute sessions on May 23 and 24, in booth 1937. Learn from knowledgeable speakers regarding a variety of today's important clinical topics that matter to you, your health care organization and your patients.
