

IntelliVue MX100 Bundle for government

Among the most technologically advanced and rugged tools to monitor patients on the move and at the bedside, the IntelliVue MX100 offers a single, portable, stand-alone monitor that is small and light, yet offers a broad, scalable set of clinical measurements. This rugged, battery-powered device features a built-in 15.5cm (6.1") touchscreen and familiar smartphone-like operation for ease of use.

MSRP: \$20,988.68*
