

Pathology services are **under pressure**, **digital pathology could help**

Shortage of pathologists

11.3% decrease
in active physicians in
pathology **2010 - 2015**¹

63.2% of active
physicians in pathology
are **ages 55 or older**¹

Increasing workload

44% of pathologists
work **overtime**
weekly²

Number of **tests**
applied are
increasing²

Cancer projections
are **growing**²

24% having to
outsource
services weekly²

Digital pathology could help

Digitize Your Workflow
to streamline the
diagnostic process

Connect Your Team
to maximise your
resources

Unify Patient Data
for informed
decision making

Gain New Insights
to help you translate
the 'Big Data' promise
into knowledge
