OBL and ASC
Solutions

SymphonySuite

Improving healthcare at lower costs

Optimize your OBL or ASC without increasing your budget

Opening, expanding or upgrading a cardiovascular office-based lab (OBL) or ambulatory surgery center (ASC) can be overwhelming, especially when capital budgets are a significant challenge.

You need a trusted partner that is committed to lowering healthcare costs for all stakeholders.

By partnering with Philips OBL and ASC Solutions – SymphonySuite – you can access cost-effective solutions for optimal equipment management with customized and strategic rebate programs.

Through the aggregate spend across eligible industry-leading interventional devices, customers can optimize their lab with state-of-the-art Philips technology at no additional capital costs with rebates.^{1,2}

Choose a rebate program that fits your goals

Philips is committed to helping our customers improve healthcare at lower costs by providing integrated solutions that advance minimally invasive procedures.

Our various rebate programs are designed to help lessen financial risk for both entrepreneurial physicians and hospital systems so they can upgrade, grow and innovate with confidence.

Cadence Program

Provides customers with the opportunity to earn rebates towards capital equipment that has been financed through Philips Medical Capital based upon volume of eligible interventional devices purchased

Cadence for Service Program

Customers can earn rebates towards their Philips Service Agreement based upon volume of eligible interventional devices purchased

Rewards Program*

Allows customers to accrue rebates towards a future capital equipment purchase based on volume of eligible interventional devices purchased
