LED work light features

Light module

Boost light
Maximum light output (in lumen)

Eco/dimmed light
Light output during power save mode (in lumen)

Spotlight
Additional small light to reach confined spaces (in lumen)

Operating time
Operating time during one charging cycle

Beam angle
Angle of the main light beam

Pivoting light module
Flexibility of the work light thanks to pivoting light module

CRI
High Color Rendering Index (CRI) reveals the true colors of an object, as if seen with natural light

UV light
UV light helps identify leakages

New: Zoom light
Change the focus of the light beam by simply turning a knob

Smart, ergonomic design

Fixture
Fixture such as clips, clamps, and hooks to enable hands-free work

Magnet
Magnet integrated into the work light to enable hands-free work

New: Motion sensor
Switch the light on and off by moving your hand in front of the sensor

Find My Device
The remote control accessory helps retrieve lost devices up to 10 meters

Grip
Robust ABS* and soft rubber body to hold the work light securely

USB power bank
Charge other devices via a USB port included in the work light

Robustness and durability

Ingress protection
Degree of protection against intrusion from solid objects, dust, accidental contact and water

Shock protection
Degree of protection against external impacts

Grease resistance
Highly resistant to grease and workshop solvents

Power options and recharging

Charging time
Time needed to fully recharge the integrated battery

Micro USB / USB-C
Battery rechargeable via a USB Type-C or Micro USB

Charging station
Compatibility with the Multi Dock Station** accessory for cordless charging
