Highlights

Road-legal LED bulb

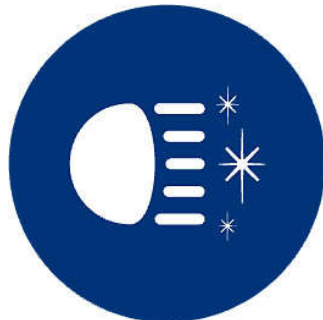

Our Philips Ultinon Pro6000 Standard H4-LED bulb has undergone extensive testing by independent experts to confirm its high performance and compliance with road traffic regulations. It has met the licensing standards in Germany and many countries where road homologation is required*. Consequently, Philips Ultinon Pro6000 LED bulbs can safely replace halogen bulbs for a wide range of vehicle models, ensuring the safety of all road-users. Experience the outstanding performance of LED light and enjoy peace of mind with the new Philips Ultinon Pro6000 Standard LED range.

Wide compatibility

The Philips Ultinon Pro6000 Standard H4-LED bulb works for both high- and low-beam functions. It has been tested and approved for a wide range of vehicles including cars, motorhomes, vans, and motorcycles. We regularly review and update our vehicle-compatibility list to ensure we meet your needs. To find out if the Philips Ultinon Pro6000 is suitable for your vehicle, visit our dedicated page at [Philips.com/roadlegalLED](https://philips.com/roadlegalLED).

Remarkable LED brightness

The Philips Ultinon Pro6000 Standard H4-LED bulbs improves driver comfort and visibility. This bulb stands out with impressive brightness and accurate colors. It combines the best LED technology with exclusive automotive components, resulting in a remarkable +220% homogeneous brightness**. This guarantees clearer vision on the road. Its 5800 K color spectrum enhances the view of the road and signs ahead, making it easier and faster to spot obstacles. Why settle for less visibility when you can use the Philips Ultinon Pro6000 Standard LED bulbs?

Automotive-standards compliant

We understand it's vital that our products operate smoothly with the complex electronics of today's sophisticated vehicles. That's why our Philips Ultinon Pro6000 Standard H4-LED bulb has been meticulously designed to industry guidelines and will integrate seamlessly into your vehicle's lighting system. It has built-in protection from electromagnetic interference (EMI), offering an easy-to-use retrofit lighting solution. Upgrade your headlights to the highest automotive quality and experience night driving like never before!

Long-lasting performance

The Philips Ultinon Pro6000 Standard LED range has undergone extensive testing and quality control to ensure its long-term durability and performance. Designed specifically to perform in real-world conditions, the Philips Ultinon Pro6000 Standard LED bulbs offers drivers four times the operating life of equivalent halogen bulbs, delivering a consistent and homogeneous light beam throughout its lifespan. The Philips Ultinon Pro6000 Standard LED range is covered by Philips warranty policy***.

Philips accessories for you

We have everything you need to ensure the best lighting experience possible. Our extensive portfolio includes a wide range of approved Philips Adapter Rings for a perfect mechanical fit. Additionally, we offer 3-in-1 Philips CANbus Adapters that effectively address issues such as dashboard warnings, light dimming, and flickering. To determine if your vehicle model requires a Philips accessory, take a look at [Philips.com/roadlegalLED](https://philips.com/roadlegalLED)*.

Specifications

Marketing specifications

- Product highlight: Up to +220% brightness, SafeBeam technology
- Expected benefits: Road-legal, Brighter lights

Product description

- Application: High Beam, Low Beam
- Base: P43t-38
- Color temperature: 5800K
- Designation: LED H4 11342 U60S X2
- Designation LED Type: H4-LED
- Lifespan: 2000 hours
- Operating Temperature: -40°C / +85°C
- Range: Ultinon Pro6000 Standard HL
- Technology: LED
- Type: H4
- Driver box -Height (mm): 82 mm
- Homologation ECE R37: no
- Homologation ECE R10
- Polarity free
- Homologation: National approval
- Diameter: 35 mm

Light characteristics

- Lumens: 1550/950 lm

Electrical characteristics

- Wattage: 19 W
- Voltage: 12 V

Ordering information

- Order entry: 11342U60SX2
- Ordering code: 2786331

Logistic data

- Quantity in box: 2 pcs

Packaging Data

- Packaging type: Carton
- Packing: Box
- EAN1: 8719018027863
- EAN3: 8719018027870
- Packaging type: X2

Packed product information

- Length: 10.6 cm
- Width: 4.8 cm
- Height: 10.2 cm
- Net weight per piece: 63 g
- Net weight per pack: 126 g
- Gross weight: 164 g

Outerpack information

- Length: 22.4 cm
- Width: 15.8 cm
- Height: 12.2 cm
- Quantity: 12 pcs
- Gross weight per outerpack: 1072 g

Issue date 2024-05-25

Version: 2.2.0
