White light for brighter roads

Generating brightness close to daylight levels, Philips Ultinon Pro5100 LED bulbs provide crystal-clear forward visibility without dazzling other road-users. Their brilliant white beam comes from a compact, easy-fit design.

Original automotive performance

- Equipped with automotive grade LED chips

Up to +160% brighter light*

- With SafeBeam technology, Philips Ultinon Pro5100 LED car headlight bulbs increase your visibility by up to 160%*. Once you experience this daylight-like effect, you'll always prefer LED.

5800 K for crisp white light

- Optimal color temperature for safer driving
- Proven among carmakers to maximize eye comfort

Longer lifetime of 3,000 hours

- **Philips AirFlux+ technology** is a smart cooling system that diverts heat away from the light's critical components.
- Greater heat resistance enables Philips Ultinon Pro5100 LED to last longer than comparable products currently on the market.

Compact all-in-one design

- Enjoy plug-and-play experience with compact body with **integrated electronics** (driver and CANbus**)
- Compatible with wide range of car models. Check compatibility list: [Philips.com/led-bulbs](https://www.philips.com/led-bulbs)

12V / 24V

3 years warranty

It is your own responsibility to ensure that the use of the LED retrofit lights complies with applicable local legal requirements.

*Compared to the minimum legal standard for halogen bulbs.

**CANbus to eliminate flickering is integrated in the bulb. Some exceptional car may still require external additional CANbus to eliminate fully the flickering.
