## Philips Ultinon LEDs

Brilliant LED upgrades for Interior and Exterior applications

Philips Ultinon LEDs have improved light distribution with a wide angle and uniform light diffusion, so drivers can see and be seen better.

Philips Ultinon LED lights deliver brilliant lighting with a choice of **intense red**, **intense amber** or **6000K bright white**. These interior and exterior bulbs provide more than just great style.

They're easy to install and are available for a wide range of interior and exterior applications including stop lights, turn signal lights, backup lights, taillights, position lights, hazard lights, trunk lights, glove compartment lights, and dome lights.

### Direct replacements for conventional bulbs

- Automotive grade quality, designed and built for reliability and durability
- Instant-on performance gives following drivers more time to react safely to turning or braking
- OEM-style lens protects LED chip
- Up to 5,000 hours lifetime

# Philips Ultinon LEDs
