What Personal Data are collected; Why are these Personal Data collected? With whom are Personal Data shared?; How long will the Personal Data be kept?

Source	Why	Whom	How long
videos from Twitter	Philips will contribute to ANDANTE European Project by implementing a Covid-19 detection using lung ultrasound through neural networks.	Philips	max 20 years. Periodic review every 5 years for usefulness. If not useful must be deleted.

Periodic review: Philips will delete your data after the indicated time, unless a clear explanation is given why the data is still useful and relevant. Then again a periodic review cycle starts.

In principle all images from the sources will not contain any identifying data. If they do, Philips will not use those images.

What is the purpose and legal basis of the processing?

Insofar as we have a legitimate interest, we may process your data for the following purposes:

- To conduct scientific research related to the initiative;
- For data analysis, for example, to improve the efficiency of the Initiative;
- For identifying usage trends, for example, understanding which parts of the Initiative is of most interest to users;
